ABOUT US

EURORICAMBI GROUP
Spare parts as one

Specialised in the manufacturing and distribution of **made in Italy spare parts for gearboxes and differentials for a variety of vehicles**, **each company differs for product lines and services**.

Together, they rapresent the **go-to solution for mechanics all over the world**.

The best **mechanical tradition**, **state-of-the-art technologies**, and a **worldwide sales network**.

Stronger together

- Wider range of items and services
- Increased competitive edge
- Enhanced brand recognition and awareness in the market

EXCELLENCE MADE IN ITALY

OUR VALUES

EURORICAMBI GROUP
Spare parts as one

THE GROUP'S **UNIQUE PILLARS**

PASSION

Strong as steel: the passion we put in our work is the **added value of each single product**.

EXCELLENCE MADE IN ITALY

Aiming for perfection: thanks to the in-house management of the production cycle, **every aspect is under control.**

TECHNOLOGICAL INNOVATION

Cutting-edge performance: we are constantly investing on state-of-the-art machinery to guarantee the **highest standards**, **on a par with the original products.**

TECHNICAL KNOW-HOW

Highly specialised staff at your service: our employees can count on a **consolidated experience and competence on processes and products**.

THE CLIENT AT THE CORE

Our work, your satisfaction: we handle every aspect with care, from product quality to commercial relations, distribution and after sales efficiency.

OUR STORY

A PATH **OF CONTINUOUS GROWTH**

1979
FOUNDATION OF EURORICAMBI

Marking the beginning of the **company's history**, in the heart of the Motor Valley.

Euroricambi
People. Passion. Gears.

1997
FOUNDATION OF EUROTEC S.r.l.

The **Italian dealer** for Euroricambi products.

Eurotec

80s-90s
FIRST PRODUCTION PLANTS AND HEADQUARTERS

Technology at the core, from the very beginning.

2000s
NEW DEPARTMENTS AND PLANTS

Among these, the **toothing unit**, a real flagship of the company.

2009
NEW LOGISTICS HEADQUARTERS

An even more **efficient service and a faster delivery**.

2010
A.M. GEARS BY ACQUISITION OF MASIERO COMPANY

With the Antonio Masiero company takeover, the **range expands**.

MASIERO
AM Gears
Shift gear, together

2016
NEW INVESTMENTS IN LOGISTICS

Over 17.000 sqm for **22.000 warehouse positions**.

2016
PARTNERSHIP WITH EUROTECNICA Auto Pecas Ltda

The **Brazilian dealer** for Euroricambi & A.M. Gears products.

Eurotecnica
Auto Peças Ltda

2018
SETTING OF THE NEW HEAT TREATMENT UNIT

A **first-of-its-kind** custom heat treatment facility in Europe.

OUR STORY

EURORICAMBI GROUP
Spare parts as one

2019
ACQUISITION OF LAMBERT GETRIEBETEILE GMBH

Takeover of LKW Teile Service – A. Lambert to re-consolidate the **sales network in Germany**.

Lambert Getriebeteile

2020
ESTABLISHING OF EURORICAMBI GROUP

The parent brand that finds **value in the collaboration** among companies.

EURORICAMBI GROUP

For internal **testing laboratory**.

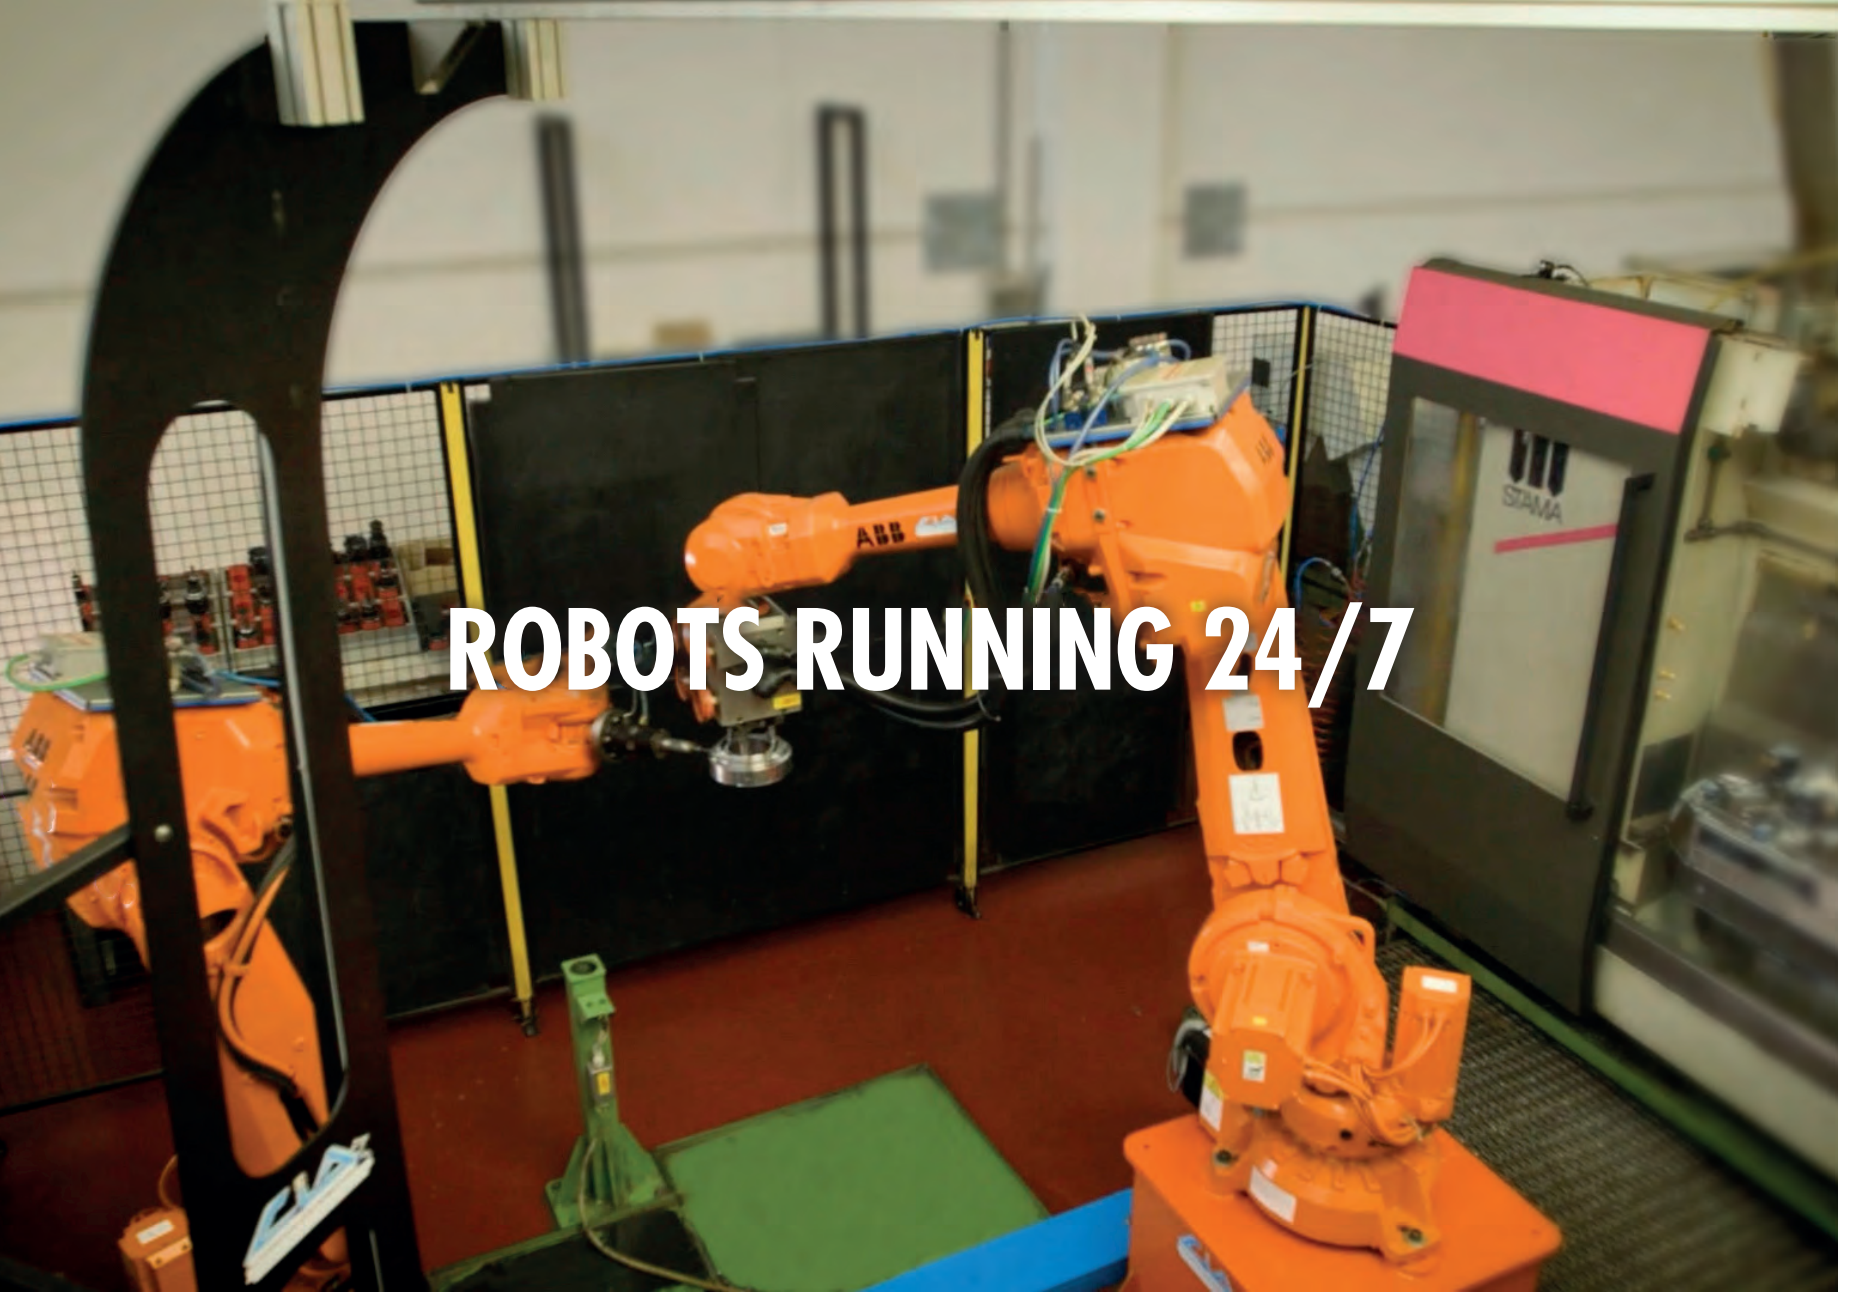

ilac-MRA ACCREDIA

2025
NEW HEAT TREATMENT

Carburizing plant and quenching plant.

2026
NEW WAREHOUSE

For the Logistics Area expansion.

ROBOTS RUNNING 24/7
ABB
SIAMA

Unmatched reliability

Spare parts that are fully interchangeable with the original ones, produced by all major manufacturers, and that result from continuous innovation and a constant focus on production processes, materials and technologies.

Not just gears, but **the best made in Italy gears**.

High **performance** steel

Same technological and qualitative specifications of **OEM products**

Efficiency that lasts over time

Precise profiles and geometries in every detail

ID code branding and integrated **hologram** on the label to certify product **authenticity**

1.830 quality controls carried out **each month**

16.300 PART NUMBERS AVAILABLE

By your side, on any type of vehicle

A **wide range** of high performance products for industrial vehicles, trucks and buses, earthmoving and mining machines, tractors, agricultural machinery, passenger cars and light to medium commercial vehicles.

EXPORTS TO 105 COUNTRIES

At your service, all around the world

Semi-automated logistics, **proactive commercial setup**, **widespread distribution network** to meet the requests of every client from every country.

Less time for customs clearance procedures thanks to in-house customs and the A.E.O.F. certification.

Best delivery fees on the market thanks to the tireless research carried out by our commercial team and our shipping department.

Customs **tariff reduction** thanks to agreements on preferential products between countries.

CONTINUOUS IMPROVEMENT

INNOVATIVE TECHNOLOGIES

EURORICAMBI GROUP
Spare parts as one

ALWAYS A STEP AHEAD

1

STATE-OF-THE-ART SYSTEMS

to carry out and supervise **the whole production cycle**.

2

AUTOMATED MACHINERY

to manage **overnight cycles**.

3

ADVANCED MEASURING SYSTEMS

to check **processing conformity** both during and at the end of each stage.

4

CALIBRATION LAB

to periodically check the **measuring instruments** for consistent results over time.

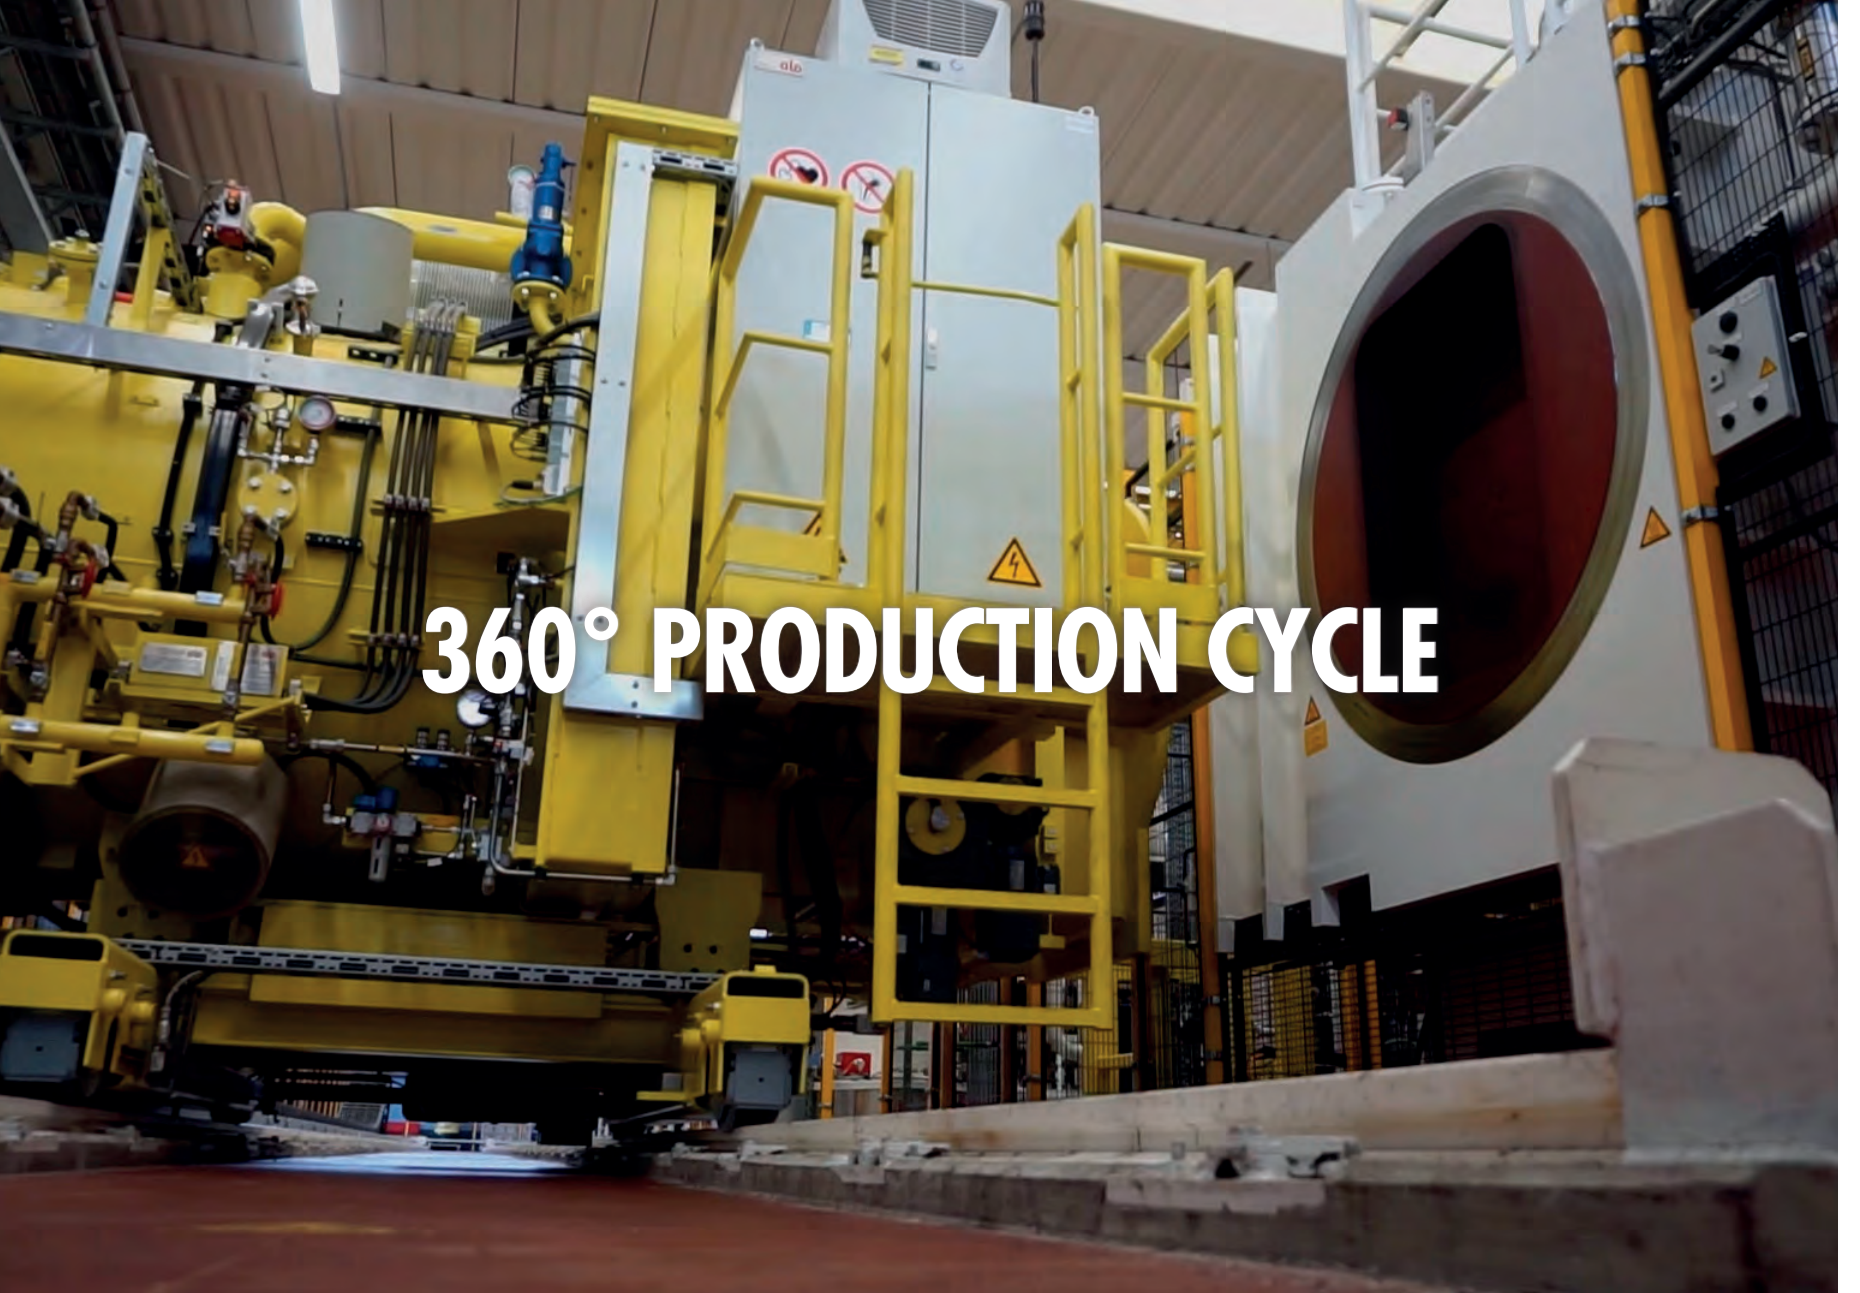

5

TESTING AREA

to run functional checks on the **machining processes**.

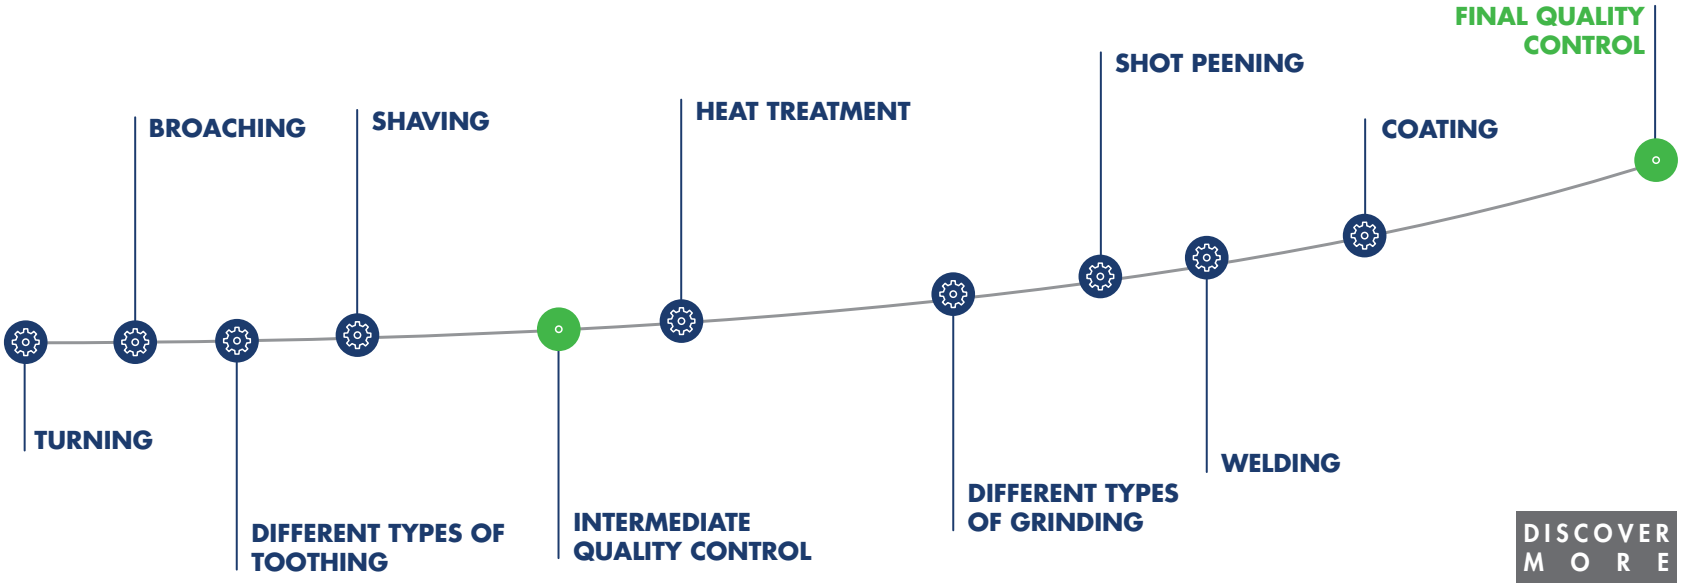

We are constantly investing in innovative production and quality control systems.

Because improvement is the key to the future.

360° PRODUCTION CYCLE

A TOTALLY IN-HOUSE PATH

DISCOVER MORE

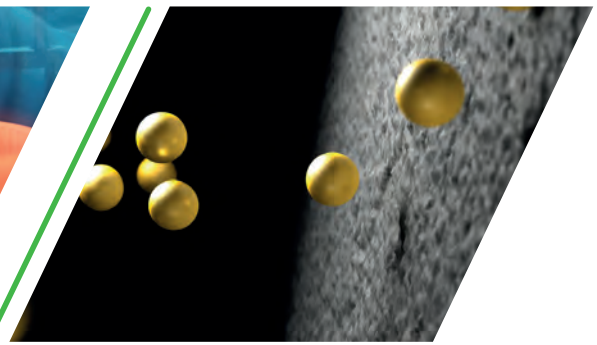

SOME OF OUR MOST
RECENT INVESTMENTS ON TECHNOLOGY

ALD heat treatment plant
equipped with 8 vacuum furnaces with electrical power and double quenching system, high pressure gas or oil

EMA inductive calibration hardening machine
with quenching under inert gas

Shot Peening Technology
20% increase of the fatigue limit

INNOVATIVE TECHNOLOGIES

Gleason and Liebherr gear cutting machines
Spur and bevel gears up to 1.000 mm in diameter

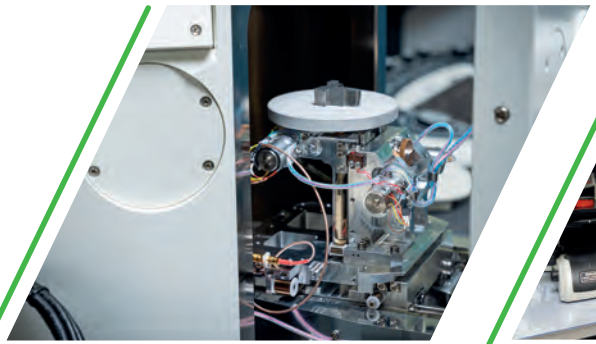

Robot-assisted Emag and Muratec lathes

Wera Profilator machining centres
Multi-functional transfer for the processing of component synchronization

ACCREDITED METALLURGICAL LABORATORY:
CERTIFIED EXCELLENCE AT EVERY STAGE OF PRODUCTION

Equipped with state-of-the-art equipment and managed by a team of highly specialised technicians, it guarantees continuous and comprehensive quality control of materials and treatments, from raw materials to finished components.

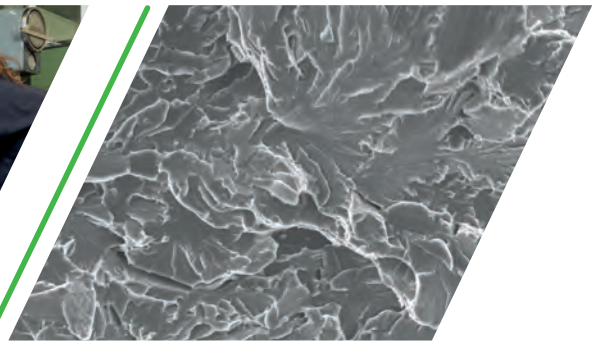

Accredited by Accredia

for conformity assessment, technical skills, impartiality of tests and reliability of controls.

A real advantage

with reports issued by our laboratory for internationally recognised tests.

Scanning Electron Microscope

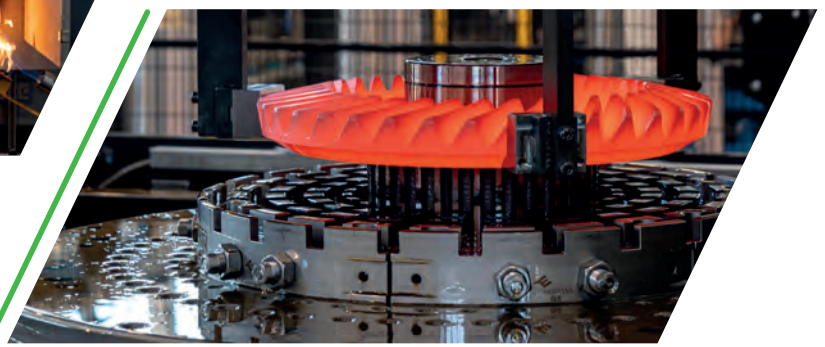

with EDS probe for analysis up to 10.000x

CARBURIZING PLANT

The carburizing line includes a carburizing furnace, a parts washing unit and a cooling station. The furnace can process loads of up to 1.500 kg, with a maximum workable diameter of 1.200 mm. With an average basket dwell time of 19.5 hours, the line delivers an estimated output of around 55.400 gross kg per month on a continuous 24/7 basis, corresponding to approximately 1.000 parts per month.

QUENCHING PLANT

The quenching line consists of a rotary preheating furnace, a quenching press, a washing unit and a tempering furnace. The process is fully automated by three robots, each with a lifting capacity of 320 kg, ensuring smooth and consistent operation throughout the line. The line is designed to process components with a maximum diameter of 1.000 mm and a maximum weight of 150 kg. The current average throughput is approximately 1.040 parts per month.

TRUCK & BUS

The division offers the world's widest range of spare parts of gearboxes and differentials for industrial vehicles and buses.

STEEL IN TIME, STEEL TRUCKS'N'BUSES.

Fully interchangeable spare parts with the original ones produced by:

- DAF
- DANA - SPICER AXLES
- EATON - FULLER
- IVECO
- MACK
- MAN
- MERCEDES-BENZ
- MERITOR
- RENAULT TRUCKS
- S C A N I A
- TREMEC
- VOLVO
- ZF TRANSMISSIONS

TRUCK & BUS

Gearbox spare parts

- ✓ Main and counter shafts
- ✓ Input shafts
- ✓ Gears
- ✓ Sliding sleeves
- ✓ Synchronizer rings
- ✓ Hubs and Synchronizer cones
- ✓ Planet carriers
- ✓ Housing
- ✓ Retarder gears

Differential spare parts

- ✓ Crown wheel and pinion sets
- ✓ Loaded differential cases
- ✓ Idler pinions and side gears
- ✓ Gears
- ✓ Differential kits
- ✓ Power divider components
- ✓ Axle shafts

Euroricambi
People. Passion. Gears.

EARTHMOVING & MINING

Euroricambi's passion, know-how and high quality standards extend to large-scale application through a dedicated division specialising in gearboxes, differentials and final drives for earthmoving and mining machines.

STEEL PASSIONATE, STEEL EARTHMOVING.

Fully interchangeable spare parts with the original ones produced by:

- CATERPILLAR
- KESSLER
- KOMATSU
- JOHN DEERE
- VOLVO CE

Euroricambi
People. Passion. Gears.

EARTHMOVING & MINING

Final drive components

- ✓ Sun gear
- ✓ Planetary gear
- ✓ Ring gear
- ✓ Planetary shaft
- ✓ Carrier
- ✓ Hub

Circle drive components

- ✓ Worm gear & shaft
- ✓ Shaft
- ✓ Pinion circle

Transmissions Components

- ✓ Sun gear
- ✓ Planetary gear
- ✓ Input & output shaft
- ✓ Ring gear

Differential Components

- ✓ Gear-set
- ✓ Differential side gear
- ✓ Differential pinion
- ✓ Differential housing
- ✓ Spider

Eurotec

Eurotec was established in 1997 to strengthen the **distribution of Euroricambi products to customers throughout Italy**.

As a **flexible and dynamic company,** Eurotec responds **quickly and efficiently** to the diverse needs of the domestic market, both through its extensive product offering and the expertise of its **sales team**.

Exclusive distributor of Euroricambi products in Italy.

Lambert
Getriebeteile

Lambert Getriebeteile is the **official distributor of Euroricambi and AM Gears products in Germany, Austria, Switzerland and Luxembourg**.

Through its **fast and efficient delivery service,** Lambert helps **minimise vehicle downtime**.

As a result, workshops can **carry out repairs and maintenance promptly** on gearboxes and differentials for trucks, buses, passenger cars, pick up cars, earthmoving and mining machinery, **getting vehicles back in operation as quickly as possible**.

Exclusive distributor of Euroricambi & AM Gears in Germany, Austria, Switzerland and Luxembourg.

REBUILT GEARBOXES AND DIFFERENTIALS AVAILABLE FOR IMMEDIATE DELIVERY

New or remanufactured complete units, assembled with Euroricambi components and ready for installation.
The ideal solution for operators who cannot afford downtime.

Euroricambi components

✓ Certified quality and compatibility.

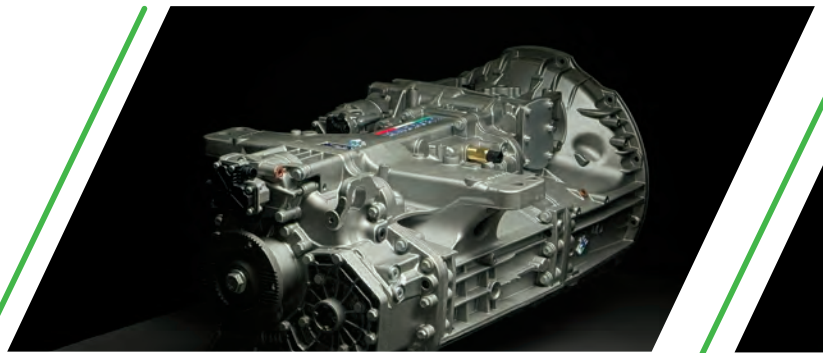

New or refurbished, always in stock

✓ Ready for delivery with no waiting time.

OUR EXPERTISE

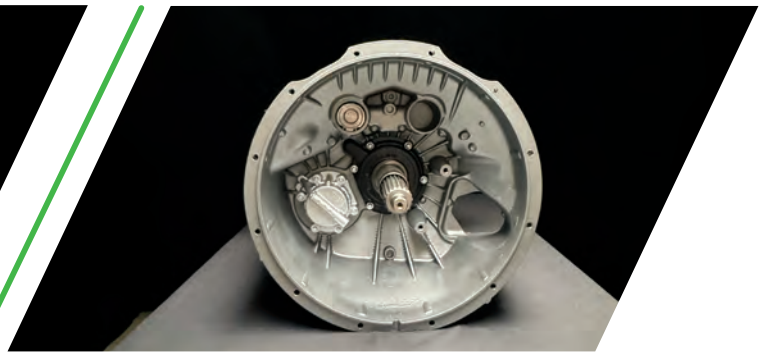

AGGREGATE FOR TRUCK & BUS

At the service of those who keep vehicles moving

Ready to use

✓ Install and go: save time and costs.

Years of German expertise

✓ Reliability for workshops and fleets.

Eurotiambi

Eurotecnica
Auto Peças Ltda

Eurotecnica is the official **distributor of Euroricambi and AM Gears products for the Brazilian market**.

Active in the aftermarket sector since 1989, Eurotecnica Auto Peças Ltda joined the Group in 2016. Its distribution activities are exclusively dedicated to the **Truck & Bus, Light Duty and Japanese Vehicles segments**.

Over the years, the company has developed a solid and highly specialised industrial and logistics organisation, establishing itself as a **leading distributor of transmission spare parts exclusively in the Brazilian market**.

Exclusive distributor of Euroricambi products in Brasil.
