

STEEL PASSIONATE STEEL EARTH MOVING

CHOOSE ANY GROUND, NOT ANY GEAR

For over 45 years Euroricambi has committed to the production and distribution of high quality replacement parts for the aftermarket. A reference for Made in Italy manufacturing and the go-to solution for mechanics around the world, the company consists of the truck and bus and the earthmoving and mining departments. The latter caters to the construction and mining industries offering a wide range of replacement parts, suitable to **CATERPILLAR** and **VOLVO CE** applications. Euroricambi sets the standard when it comes to high performance products, to be at your side, anytime, anywhere.

13
Types of manufacturing
processes

A GLOBAL NETWORK AT YOUR SERVICE

Fast, secure shipping and simple customs procedures. This is how we have reached more than **105** countries around the world.

A DEDICATED PARTNER

WHY CHOOSE EURORICAMBI

40 YEARS OF MAKING HISTORY

In 1979 a long-standing tradition of determination, passion and innovation begins, leading Euroricambi to become what it is today: a gear manufacturing icon, leader and expert. And it shows no sign of stopping as a result of its uncompromising pursuit of excellence.

QUALITY TO STEEL THE SHOW

To know Euroricambi products is to know the quality that permeates, without distinction, every single item of our huge range of replacement parts, perfectly interchangeable with the manufacturers' original pieces thanks to the use of the very same OEM production processes.

GEARED TOWARD INNOVATION

State-of-the-art production processes, high quality materials and the most advanced automated machinery make it possible for us to be a step ahead as leaders of technological innovation. With the help of sophisticated measuring systems, a calibration lab, a testing area and constant investments on technology, every day our production gets closer to a more innovative future.

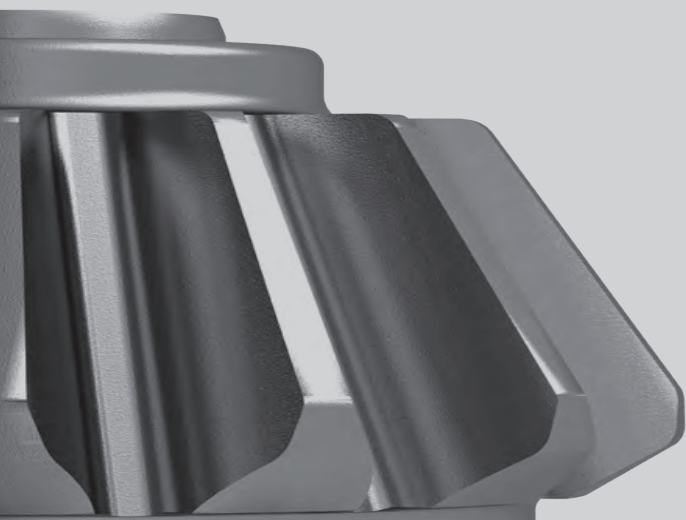

YOU SAY EXCELLENCE, WE SAY MADE IN ITALY

The in-house management of the production cycle allows Euroricambi to make sure that every aspect is under control with the help of highly specialized staff that provides well-established expertise and in-depth understanding of processes and products.

TRUE AS STEEL

At Euroricambi, our satisfaction is customer satisfaction with every aspect of the process – from product quality to commercial relations, to distribution and after sales efficiency – handled with care, precision and competence.

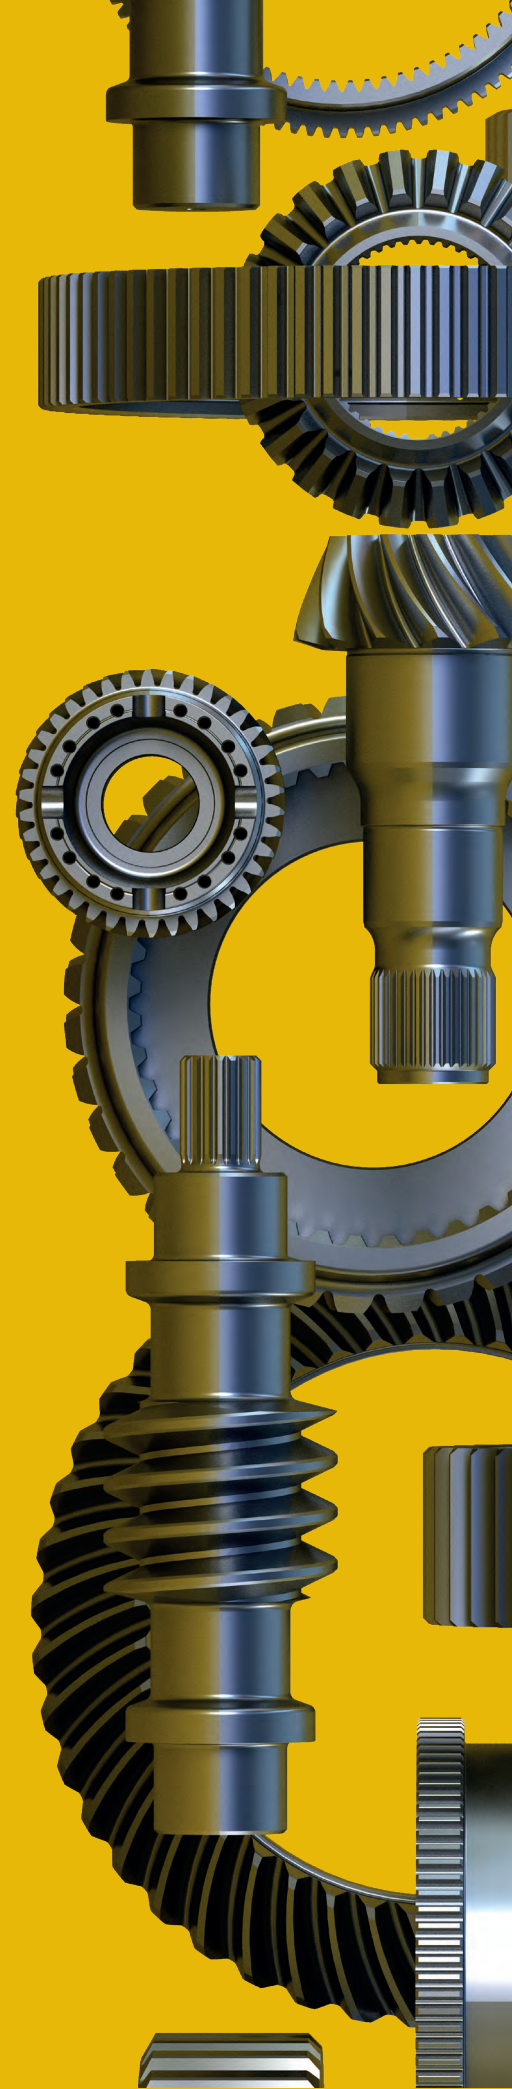

DO YOU MINE?

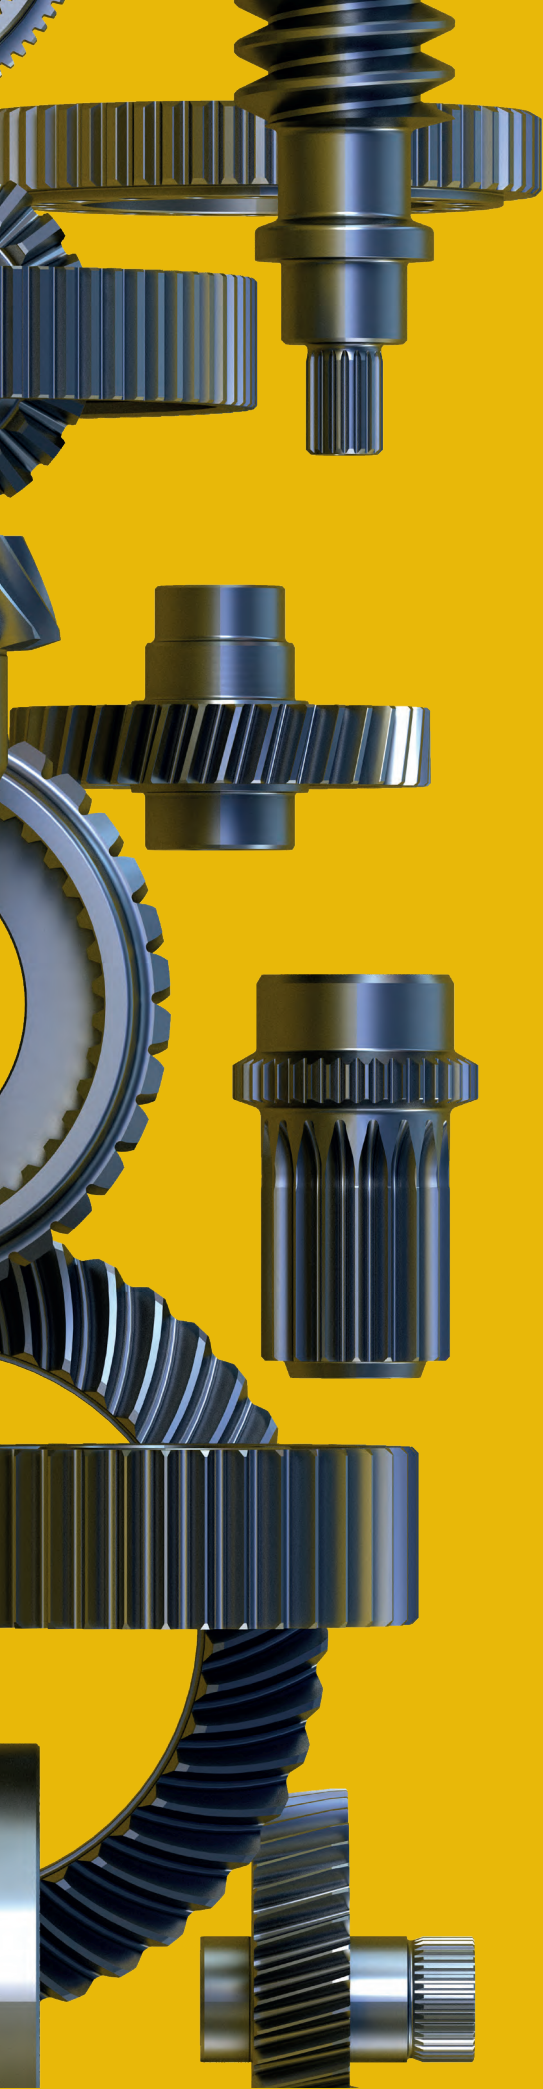

A lot goes on in the mining business: drilling and digging, loading and hauling, grading and dozing.

Regardless of the type or complexity of the operation, machines are used to the maximum and replacement parts play a fundamental role in ensuring continuity of work: cost per hour is the key!!!

OUR LINES (suitable to)
CATERPILLAR, KESSLER,

KOMATSU, JOHN DEERE, VOLVO CE

CONSTRUCT YOUR BUSINESS

When it comes to the construction industry, Euroricambi provides top-of the-line replacement parts with long-lasting quality, minimizing safety concerns and maximizing efficiency/durability over time.
